Call to Order:

Ms. Martinkosky called the meeting to order at 5:00 P.M.

HPC Business:

- 1. Introduction of site and attendees:** Attendees introduced themselves and stated their interest in the site.
 - 2. How we can best protect the site now:** City must reach out the Maryland Historic Trust for guidance. For now, we must minimize intrusion and monitor deterioration. If members have historic documentation already, please forward. Staff can create a shared drive.
 - 3. Discussion of the goals for preservation:** A plan to research and stabilize the site was discussed. Obtaining grant funding is important to move forward with project. Ultimately, the Committee want the site preserved and interpreted.
