

## SDHVP Minutes

8-21-19

### Attending:

Steve Jakubczyk	Marge Rosensweig
Jim Schmersahl	Alan Phillips
Bruce Albaugh	Stella Sellner
Kevin Sellner	

### Update:

Over the past few months:

- Steve and Marge have presented the VPRO concept to several organizations, receiving positive feedback as well as constructive criticism.
- Alderman Ben MacShane proposed a VRBO at the August 1<sup>st</sup> Mayor/Board workshop. The proposal closely follows the guidance presented in the SDHVP Report presented to the Mayor/Board in May. The Board voted to move the proposal forward and the Mayor has committed to assigning staff to consider the logistics and financial implications of such an ordinance by early October. SDHVP has requested that we be part of any staff deliberations.

### Next Steps:

- Continue to reach out to community members, business owners and managers and others to develop relationships and generate support for the ordinance.
- Understand and be able to respond to concerns expressed about Alderman MacShane's proposed VPRO. To do this, SDHVP members will gather information from other jurisdictions (using a series of questions based on the concerns we've heard) about opportunities and challenges they have experienced with their VPROs.
- Develop questions for Brittany Sparks' presentation to NAC 11 at the September meeting (e.g., What are criteria for entering a property if there is probable cause).
- Query Marc DeOcampo regarding the City's GIS capabilities.
