

MAKING APPLICATION FOR A RESIDENTIAL GARAGE/CARPORT

PRELIMINARY QUESTIONS BEFORE APPLYING

- Is your property in the City Limits?
 - a. If yes, continue to next question
 - b. If no, you need to Contact Frederick County Permits @ 301-600-2313

- Is your property in the Historic District?
 - a. If yes, you will need to obtain HDC approval before applying for the permit (Contact Planning/Zoning at 301-600-1499).
 - b. If no, go to “MAKING APPLICATION”

MAKING APPLICATION

Building Permit Application and all applicable forms may be obtained at the City’s

**Building Department
140 W. Patrick Street
or by calling 301-600-3829**

- Make sure you complete all information requested on the Permit Application Form
- Application Fees ***must*** be paid before the application can be processed.
- ***IMPORTANT NOTE:*** All permit fees are non-refundable and non-transferable.

BE PREPARED

It is important to be prepared when making application for your permit. Here’s a checklist to use before submitting your application:

ABOUT GARAGES/CARPORTS

- If attached or closer than six feet (6’) to the dwelling, must conform to all Zoning Setback requirements (distances from home and property lines). Since these setbacks differ in various areas of the City, it is important that you contact the Planning/Zoning Department at 301-600-1499 prior to application so as not to hold up the permit process once you apply.
- If further than six feet (6’) from the dwelling, must be at least three feet (3’) from each side and rear property line, unless on an alley, then it is to be six feet (6’) from the street or alley.
- A carport with open sides and rear can be within five feet (5’) of side property line.
- An Electrical Permit must be obtained before any electrical work is started.

PLANS REQUIRED

- Five (5) copies of a site plan showing location of the garage/carport in relationship to all existing property lines
- Three (3) sets of construction plans
- List of Materials
- Copy of Historic District (HDC) Approval letter, if applicable

FEE

- \$128 Flat Fee
- Checks payable to “City of Frederick.”

APPLICATION PROCESSING

After your permit application and fees are received, the following will happen:

1. Your Permit Application will be logged into the computer and assigned an “Application #” which will be printed on your receipt.

***NOTE:** Should you ever need to call about your application, it is important that you have this number readily available for more efficient response and tracking purposes.*

2. The Permits Coordinator will distribute the application w/plans to each appropriate department, as follows:
 - **Building:** The Building Plans Reviewer checks your building plans for compliance with all applicable building codes.
 - **Planning/Zoning:** The P/Z Administrator will review your submitted site plan to make sure that all applicable setback requirements are met. Additionally, should your project location be within the Historic District, they will confirm that the HDC has given their approval for construction of your project.
 - **Engineering:** The Engineering Department will review your site plan for easements and/or rights-of-way that may be affected with construction of your project.

PERMIT ISSUANCE

1. Once approval from each of the above departments has been received, our Permits Coordinator will perform final processing and ISSUE THE PERMIT.
2. Your permit will be sent to you along with a set of any approved plans submitted with the application. Additionally, a Yellow Placard will be included which identifies the Permit Number and location of work to be performed.
3. **DISPLAY** the Placard in a location visible from the street. The approved set of plans should be located nearby for easy access by the inspector.

INSPECTIONS REQUIRED

1. **Footing Inspection:** A footing inspection is required prior to concrete being poured.
2. **Electrical Grounding Inspection:** This may be required prior to concrete being placed in the footing (contact the Electrical Inspector at 301-600-3822 for additional information).
3. **Backfill or Slab Inspection:** This inspection may be required (Contact the Building Inspector at 301-600-3819 for additional information).
4. **Electrical Close-In Inspection:** An Electrical Close-in inspection is required after the work has been roughed-in and before insulation and drywall are installed.
5. **Building Close-In Inspection:** A Building close-in inspection is required after the Electrical Close-in inspection has passed AND BEFORE insulation and drywall are installed
6. **Electrical Final Inspection:** An Electrical inspection is required once the project is complete and prior to occupying the space.
7. **Building Final Inspection:** A Final Building inspection is required after the Electrical final has passed and prior to occupancy of the space.
